PROBLEM STATEMENT

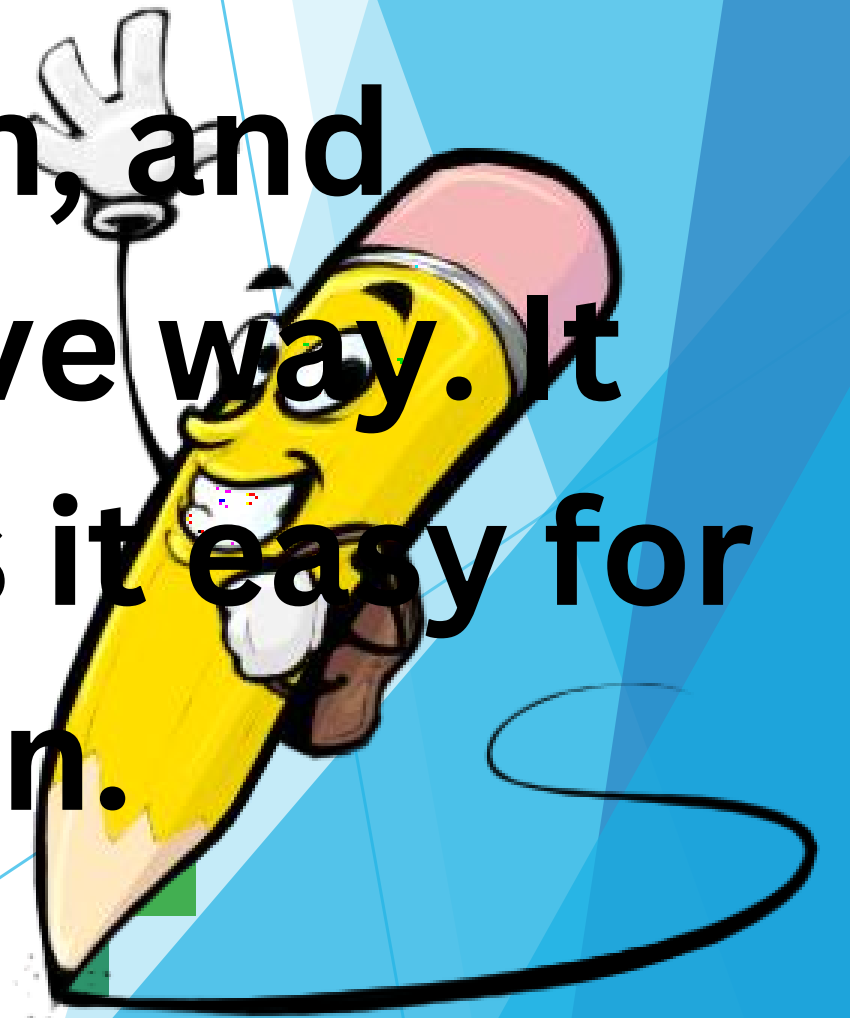

■
In the modern digital era, individuals—especially students and professionals—need a dynamic way to showcase their skills, achievements, and experiences beyond traditional paper resumes.

PROJECT OVERVIEW

A digital portfolio is an online platform that displays a person's skills, education, and achievements in a simple and attractive way. It helps to present work clearly and makes it easy for others to know about the person.

WHO ARE THE END USERS?

The end users are students, job seekers, professionals, and recruiters who view or create the digital portfolio.

TOOLS AND TECHNIQUES

■

The digital portfolio can be created using HTML, CSS, JavaScript, and design tools like Canva or Figma for layout planning.

■

■

POTFOLIO DESIGN AND LAYOUT

The portfolio is designed with a clean layout, easy navigation, and sections for profile, skills, projects, and contact details.

FEATURES AND FUNCTIONALITY

The portfolio includes sections for personal details, skills, projects, achievements, and contact, with easy navigation and responsive design.
